

# LIST OF APPROVED COURSES

SPRING 2022

This list collects all currently reported classes in the CIR orbit for which our students are eligible. Please note that permission to enroll is at the discretion of the faculty member(s) teaching each class. In most cases, timely online registration will guarantee enrollment.

Minor class changes may occur. Be sure to check [coursesearch.uchicago.edu](https://coursesearch.uchicago.edu) for updated class times, locations, and any prerequisites for enrollment.

For detailed course descriptions, please consult [coursesearch.uchicago.edu](https://coursesearch.uchicago.edu) and/or the departmental course catalogs [here](#).

Per the [CIR curriculum](#), each student must enroll in 3 for-credit courses per quarter plus INRE 46500 MA Thesis Workshop.

During their year in residence (Autumn, Winter plus Spring Quarters), each student must take

- at least 7 (of 9) for-credit courses from CIR's lists of approved courses;
- take at least 6 (of 9) for-credit courses in departments that are affiliated with the Division of the Social Sciences;
- take at least 3 for-credit courses in each of two fields of specialization;
- and enroll in 2 out of 3 CIR Core Seminars (INRE 43000, 43100, and 43800).

Courses offered by departments marked \*\*\* below cannot be counted as social sciences courses unless they are cross-listed with another unit not so marked. Please make sure to register for the appropriate department code.

We generally list courses under the department code in which the faculty member teaching the course holds their primary appointment. This explains, for example, why very few classes are listed under CIR's own code (INRE).

To courses assigned to Field 5 – Research Methods in the Social Sciences, we affix a proficiency code. It captures the extent of background knowledge students should have to guarantee a successful learning experience plus the pace of instruction.

B Suitable for beginning practitioners of the method;

A Suitable for advanced practitioners of the method who will be able to keep up with an accelerated pace of instruction;

A! Suitable for those advanced practitioners who have majored in and excelled at practicing the method.

S Part of a course sequence. Earlier courses may serve as prerequisites for later ones.

Students interested in **ENGL 30000 (Little Red Schoolhouse)** should write to Associate Dean of Students Brett Baker ([bbaker@uchicago.edu](mailto:bbaker@uchicago.edu)) as soon as possible. He will assign and register students in the CIR section, and he will communicate the outcome directly to them.

Prior to registration, students must meet with their preceptor to discuss learning objectives and suitable courses to meet those objectives.

On **Monday, February 28, 8:30am** students will register themselves for Autumn Q classes at [my.uchicago.edu](http://my.uchicago.edu)

BA/MA students will email their course selections to Associate Dean of Students Brett Baker ([bbaker@uchicago](mailto:bbaker@uchicago)) no later than noon on **Friday, February 25**.

Students who are interested in taking a Booth School of Business course must submit a petition [here](#). Please confirm that the course of interest carries 100 (credit) units.

Students who are interested in taking a Law School course must submit a petition [here](#). Please confirm that the course of interest carries 3 (credit) units.

Department codes:

ANTH	Department of Anthropology
BUSN	Booth School of Business*** <b>(courses do not count as Social Sciences courses unless cross-listed)</b>
CHDV	Department of Comparative Human Development
